Dear Parents:

In order to comply with Federal and State reporting requirements, every school district is required to report to the MA Department of Elementary & Secondary Education the racial and ethnic category that most clearly reflects the individual's recognition of his/her community or with which the individual most identifies. Therefore, on the back of this letter, there are 63 different race/ethnicity categories, and you must choose one to represent your child.

Please check one box to the left of a category that best describes the race and ethnicity of your child.

Thank you very much for your cooperation.

Sincerely,

Gordon C. Smith  
Superintendent
